**PRE-SCHOOL CHILD HISTORY**  
**3 years to 5 years**

Today's Date \_\_\_\_\_

Child's Name \_\_\_\_\_ Sex: M F Date of Birth \_\_\_\_\_

Age \_\_\_\_\_

Reason for Today's Visit \_\_\_\_\_

Yes No

Does your child complain of pain or discomfort? If yes, when did this occur? \_\_\_\_\_

Was onset Sudden  or Gradual  Is problem Constant  or Intermittent

Yes No

Has your child ever had this problem before? \_\_\_\_\_

Yes No

Has your child previously been treated for this problem? By whom? \_\_\_\_\_

Yes No

Has your child previously had chiropractic care? Previous chiropractor \_\_\_\_\_

**HEALTH HISTORY**

Yes No

Does your child ever complain of back or neck pain? \_\_\_\_\_

Yes No

Does your child ever complain of pains in the legs or arms? \_\_\_\_\_

Yes No

Does your child ever complain of headaches? \_\_\_\_\_

Yes No

Has your child had asthma? \_\_\_\_\_

Yes No

Is your child allergic to anything? \_\_\_\_\_

Yes No

Are there any smokers in the child's home? \_\_\_\_\_

Yes No

Has your child had any earaches? At what age did the child's first earache occur \_\_\_\_\_

How frequently does your child have earaches? \_\_\_\_\_

In which ear do your child's earaches usually occur? Right  Left  Both

Yes No

Is your child presently taking any prescribed medication? \_\_\_\_\_

Please list any other illness which have been a concern for your child

Please list any surgeries your child has had

Yes No

Do you have any other concerns about your child's health? \_\_\_\_\_

**PRE-SCHOOL CHILD HISTORY**  
**3 years to 5 years**

**TRAUMA**

Yes No

Has your child had any recent falls or trauma? \_\_\_\_\_

Describe the trauma and the date it occurred \_\_\_\_\_

Yes No

Has your child ever fallen from a bicycle, skateboard, scooter, rollerblades or similar? \_\_\_\_\_

Yes No

Has your child ever fallen down stairs or fallen from a significant height? \_\_\_\_\_

Yes No

Has your child ever been in a motor vehicle collision or near-miss? \_\_\_\_\_

Yes No

Has your child ever had a bone fracture or joint dislocation? \_\_\_\_\_

Yes No

Has your child had any other trauma or injuries? \_\_\_\_\_

Yes No

Does your child ever bang his/her head repeatedly against a wall, bed or other object? \_\_\_\_\_

**NUTRITION**

Yes No

Do you have any concerns about your child's diet? \_\_\_\_\_

Yes No

Does your child have any food allergies? \_\_\_\_\_

Yes No

Does your child have any persistent or intermittently occurring skin rashes? \_\_\_\_\_

Yes No

Does your child take vitamin supplements? \_\_\_\_\_

Yes No

Does your child eliminate stools each day? \_\_\_\_\_

For how many months was your child breast-fed? \_\_\_\_\_

What does your child usually eat for Breakfast? \_\_\_\_\_

What does your child usually eat for Lunch? \_\_\_\_\_

What does your child usually eat for Dinner? \_\_\_\_\_

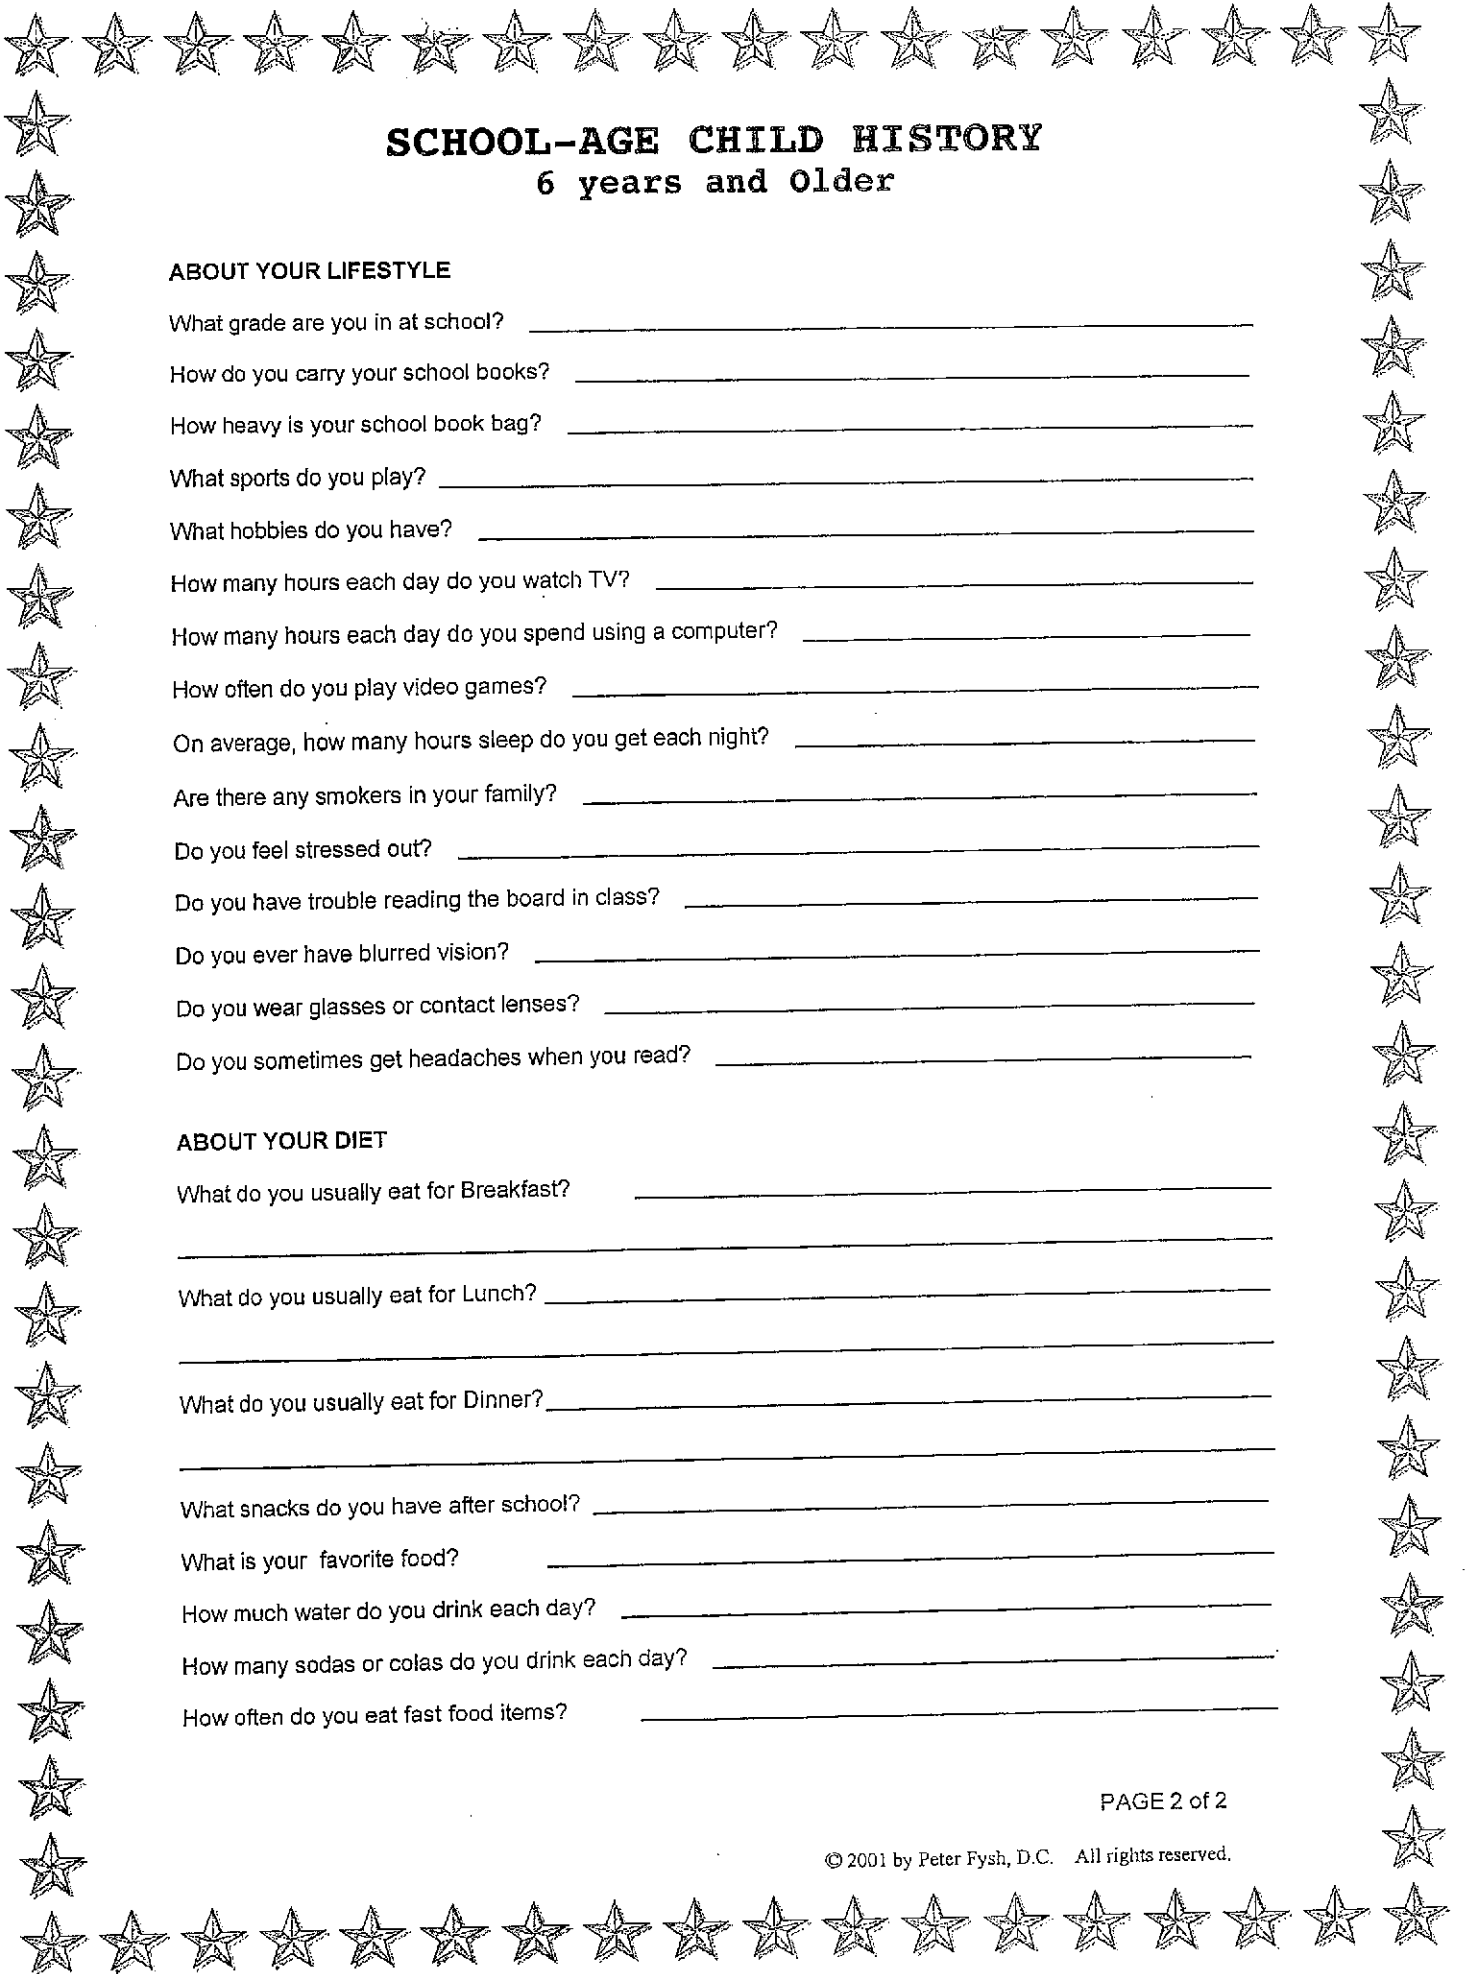

What does your child usually eat for Snacks? \_\_\_\_\_

How much cow's milk does your child drink each day? \_\_\_\_\_

What is your child's favorite food? \_\_\_\_\_

What type of fast foods does your child like to eat? \_\_\_\_\_

# SCHOOL-AGE CHILD HISTORY

## 6 years and Older

### ABOUT YOUR LIFESTYLE

What grade are you in at school? \_\_\_\_\_

How do you carry your school books? \_\_\_\_\_

How heavy is your school book bag? \_\_\_\_\_

What sports do you play? \_\_\_\_\_

What hobbies do you have? \_\_\_\_\_

How many hours each day do you watch TV? \_\_\_\_\_

How many hours each day do you spend using a computer? \_\_\_\_\_

How often do you play video games? \_\_\_\_\_

On average, how many hours sleep do you get each night? \_\_\_\_\_

Are there any smokers in your family? \_\_\_\_\_

Do you feel stressed out? \_\_\_\_\_

Do you have trouble reading the board in class? \_\_\_\_\_

Do you ever have blurred vision? \_\_\_\_\_

Do you wear glasses or contact lenses? \_\_\_\_\_

Do you sometimes get headaches when you read? \_\_\_\_\_

### ABOUT YOUR DIET

What do you usually eat for Breakfast? \_\_\_\_\_

What do you usually eat for Lunch? \_\_\_\_\_

What do you usually eat for Dinner? \_\_\_\_\_

What snacks do you have after school? \_\_\_\_\_

What is your favorite food? \_\_\_\_\_

How much water do you drink each day? \_\_\_\_\_

How many sodas or colas do you drink each day? \_\_\_\_\_

How often do you eat fast food items? \_\_\_\_\_

*When we accept you as a patient into our practice, it is important that you understand the objectives of our care.*

Chiropractors provide a unique service that other healthcare providers do not offer: the location and correction of vertebral subluxations (spinal nerve stress in your body.)

A vertebral subluxation is a misalignment or distortion of your spinal column or related structures that can affect your brain, nervous system and overall body function. Subluxations can cause dis-ease or loss of proper body function.

Chiropractors spend years studying how to locate and correct this destructive condition, first by analyzing your body structure (especially your spine) using various methods. Second, we correct or adjust your subluxations by using specialized techniques (spinal adjustment.) When your spine and nervous system are free from the deep stress of vertebral subluxations you function more efficiently and your natural healing ability, your inner healer, will better communicate through your body.

We do not medically diagnose or treat any disease, symptom or condition. No matter what condition(s) you may have been diagnosed with and no matter what symptoms(s) your body is expressing, you always need a body free from subluxations.

If, during the course of our chiropractic spinal examination, we encounter unusual findings, we will let you know of them. You may then decide whether you wish to investigate further and discuss your healthcare options with other healthcare professionals. We will cooperate with you and with them in your goals.

To summarize: the purpose of chiropractic care is not to treat the diseases or conditions, not to suppress symptoms, nor to perform surgery, but rather to make your body function better by removing spinal nerve stress (subluxations). Therefore we don not prescribe surgery or medications. If you wish to decrease or stop medications you should discuss that with your MD.

Our objective is to eliminate a major interference to the expression of your physical/emotional health and healing-vertebral subluxations – so that your natural healing ability and your inner healer may function without this severe form of stress.

To summarize: the purpose of chiropractic care is not to treat the diseases or conditions, not to suppress symptoms, nor to perform surgery, but rather to make your body function better by removing spinal nerve stress (subluxations). Therefore, we do not prescribe surgery or medications. If you wish to decrease or stop medications you should discuss that with your medical doctor.

Our objective is to eliminate a major interference to the expression of your physical/emotional health and healing vertebral subluxations so that your natural healing ability and your inner healer may function without this severe form of stress.

We invite you to discuss with us any questions regarding our services. The best health services are based on a friendly and mutual understanding between the provider and patient.

I authorize the performance of any necessary diagnostic tests and treatments, which usually include chiropractic manipulation (CMT) for my condition(s). Like most health care procedures, CMT carries with it some risks. Unlike other medical treatments, the serious risks associated with CMT are extremely rare. Included are soreness or initial increased pain symptoms. More rare is dizziness, nausea or flushing, susceptibility of fracture with conditions like osteoporosis. Herniated or bulged discs may worsen even with CMT—it is important to notify the doctor of changes in symptoms. Extremely rare is a risk of a certain type of stroke, although this risk is the same with primary medical care and is associated with the nature of neck pain and headache presented by the patient.

**Notice to Medicare Patients**

Relative Contraindications: Do you have any of the following conditions?

Joint Hypermobility,  Osteoporosis/Osteopenia,  Benign Bone Tumors,  Bleeding Disorders,  Blood Thinners,  Progressive Radiculopathy

NOTE: If you currently have, or have had, one of the above listed conditions, Medicare requires that we advise you that spinal manipulation and other forms of dynamic thrust may be contraindicated in your condition. By signing below, you consent to care and agree to inform this office if another healthcare provider tells you that you have one of these conditions.

Absolute Contraindications of given area: Do you have any of the following conditions?

Rheumatoid Arthritis,  Spinal Cancer,  Ankylosing Spondylitis,  Ligament Laxity,  Joint Dislocation,  Recent/Unstable Joints,  Unstable/Missing Dens at C2,  Spinal/Joint Infection,  Myelopathy/Cauda Equina Syndrome,  Vertebrobasilar Insufficiency Syndrome,  Arterial Aneurysm

NOTE: If you currently have, or have had, one of the above listed conditions, Medicare requires that we advise you that spinal manipulation and other forms of dynamic thrust is absolutely contraindicated in the region of the spine that is affected. By signing below, you agree to inform this office if another healthcare provider tells you that you have one of these conditions.

I understand the above information and guarantee this form was completed correctly to the best of my knowledge.
